

Tolt River-John MacDonald Park

About the Park

Tolt-MacDonald Park in Carnation is a true recreation destination. Located less than one hour from Seattle, the 574-acre park sits at the confluence of the Snoqualmie and Tolt rivers in the beautiful Snoqualmie Valley. A 500-foot-long suspension footbridge across the Snoqualmie River connects the east and west sides of the park and offers terrific views of the Snoqualmie River and Cascade foothills. You can observe spawning salmon in the river below and eagles and osprey soaring above.

Tolt-MacDonald Park offers 12 miles of forested and riverside trails and is a favorite mountain biking destination. The backcountry area of the park is located on the west side of the Snoqualmie River across the suspension bridge. For a bicycle tour of local farms and forests in the valley, head east from the park to access the 27-mile-long Snoqualmie Valley Trail. The park also features six yurts overlooking the river and seasonal camping for RVs and tents, and two group campsites, all with fire pits. There are also two large picnic shelters, one a beautifully restored barn, for company picnics, weddings and other special events.

Public Access

Take **State Route 203** to Carnation and head west on NE 40th Street.

Tolt-MacDonald Park is served by **Snoqualmie Valley Transportation** along State Route 203 to Carnation.

King County Parks and Recreation

King County's Parks and Recreation Division manages 30,000 acres of parks and natural lands, and provides over 300 miles of trails with year-round accessibility for hiking, mountain biking, trail running and horseback riding. Each trail offers a unique opportunity to walk, run or ride through the quiet beauty of our region's rich natural heritage.
